***Claim Rejections - 35 USC § 101***

The text of those sections of Title 35, U.S. Code not included in this action can be found in a prior Office action.

Claims 1-8 and 10-18 are rejected under 35 U.S.C. 101 because the claimed invention is directed to non-statutory subject matter.

As to the system claims, the claims continue to be nonstatutory as the claims a processor programmed to perform the steps of the portal, worker utilities, handler systems and dispatcher.

As to the method claims, the claim continue to be nonstatutory as the receiving, routing by the dispatcher, the invoking by the worker utilities are not carried out by a programmed processor.

***Claim Rejections - 35 USC § 112***

Claims 1-8 and 10-18 are rejected under 35 U.S.C. 112, second paragraph, as being indefinite for failing to particularly point out and distinctly claim the subject matter which applicant regards as the invention.

In the claims, the relationships between the computer and the handler, dispatcher and/or the portal are vague and indefinite. Are these components within a single computer? Likewise, the method is vague and indefinite as it is not clear if the steps are performed by a programmed processor.

The art rejection has been overcome.

Applicant's amendment necessitated the new ground(s) of rejection presented in this Office action. Accordingly, **THIS ACTION IS MADE FINAL**. See MPEP § 706.07(a). Applicant is reminded of the extension of time policy as set forth in 37 CFR 1.136(a).

A shortened statutory period for reply to this final action is set to expire THREE MONTHS from the mailing date of this action. In the event a first reply is filed within TWO MONTHS of the mailing

date of this final action and the advisory action is not mailed until after the end of the THREE-MONTH shortened statutory period, then the shortened statutory period will expire on the date the advisory action is mailed, and any extension fee pursuant to 37 CFR 1.136(a) will be calculated from the mailing date of the advisory action. In no event, however, will the statutory period for reply expire later than SIX MONTHS from the date of this final action.
